

NCOCI8 for Delphi v 1.0.6

NCOCI8 is a freeware component library for CodeGear Delphi and C++Builder for access to Oracle8/9 server.

IMPORTANT ! The product development and support are frozen ! Consider to use AnyDAC - the market leading data access library, commercial successor of FreeDAC !

NCOCI8 Core Features

IMPORTANT !

Today NCOCI8 is retired. Please, consider to use AnyDAC instead of NCOCI8. All the best from NCOCI8 we have moved into AnyDAC and added a lot of new features.
